

Alternative travel whilst staying with us

For guests travelling to us without a car or for those who would rather not drive during their stay we have lots of other methods of exploring the area.

Cycling

We have a variety of bikes for hire and cycling route maps should you wish to explore the surrounding country side on 2 wheels.

Walking

We are so lucky to have incredible walking routes on our doorstep! We have lots of walking maps and welly boots for you to borrow, and we are very happy to provide a picnic if required.

Bus

We have a little bus stop in the village on school corner. The buses (Route 212) run between Yeovil and Dorchester and every little village in between! Be sure to plan in advance as the services are infrequent and they do not run on Saturday and Sunday. Details and times can be found at:

www.bustimes.org.uk/services/swe_42-212-A-Y10

Jurassic bus

There is a brilliant Jurassic coast bus that stretches the length of the coast. Lots of our guests like to park in a particular village, do a coastal walk and pick up the bus back to their car. Details and timetables can be found at:

www.jurassiccoast.org/discover/travel-information/jurassic-coast-bus-services

Train

Our nearest mainline train station is Yeovil Junction. This line travels between London Waterloo, Salisbury and Exeter. We also have other local train stations nearby which have a more regional local network. These are Maiden Newton, Chetnole, Yeovil Penn Mill and Dorchester.

Details and train times can be found at www.nationalrail.co.uk
